## LEARN TO PLAY FOR BEGINNERS 4PM - 5:30PM \$55PP

Join our 1.5-hour introduction to pickleball—an enjoyable and engaging way to learn the fundamentals of this exciting sport! In this beginner-friendly session, we'll cover key skills like grip, stroke techniques, court positioning, basic rules, and the serve and return. The class concludes with a fun mini-game, giving you the chance to apply what you've learned in real-time. This session is just the start of your pickleball journey! All equipment is provided

#### GET THIS GAME STARTED FOR ADVANCED BEGINNERS 5:30PM-7PM \$65PP

The first 4 shots in any pickleball rally establishes the rhythm for the point! Learn how to get your game started off right with our 1.5 hour session on effective serve, return, 3rd & 4<sup>th</sup> shots designed for advanced beginners – early intermediates. The focus will be on the fundamentals of all 4 shots plus the strategies, techniques and the importance of placement over power! We will have specific goals and targets that will challenge you to do more than just get the ball over the net!

### DRILL + PLAY SOFT SHOTS - INTERMEDIATE 7PM - 8:30PM \$65PP

While power shots often get the fan fare, soft shots play a vital role in pickleball. In this 1.5 hour clinic we'll teach you how to properly execute the dink shot, a delicate and precise shot. You'll learn about the placement of the soft shot and the strategies to keep your opponents off balance and in defense mode. Plus proper court positioning, footwork and movement which will have you playing pickleball and not just reacting to the next shot. Drills and drill-based games will help reinforce the concepts/skills that have been introduced to the participants with the last remaining 20 mins being mentored gameplay.
